26. "Organic food is healthier than conventionally grown food. Discuss the scientific evidence supporting or refuting this claim."
27. "Space exploration is an unnecessary expense given the pressing issues on Earth. Discuss the merits and drawbacks of this viewpoint."
28. "Gender equality in the workplace can be achieved through strict quotas. Discuss the effectiveness of such measures."
29. "Urban gardens are essential for sustainable city living. Discuss the benefits of integrating green spaces in urban planning."
30. "The preservation of language and culture should be prioritized in the age of globalization. Discuss the importance of cultural heritage."
31. "The proliferation of technology in children's lives causes distraction and decreases their ability to concentrate. Discuss the causes and effects of this phenomenon and suggest potential solutions."
32. "Migration has significant impacts on both the countries people leave and the countries they move to. Discuss the effects of migration on societal structures and economies."
33. "Genetically modified foods have been heralded as a solution to global hunger but criticized for potential health risks. Discuss your opinion on the use of genetically modified organisms in agriculture."
34. "With the rise of remote work, urban areas are experiencing changes in economic dynamics and population distribution. Analyze the causes of this shift and its potential long-term effects on urban planning."
35. "Many believe that the introduction of robots into the workforce will lead to widespread job losses. To what extent do you agree or disagree with this view? Provide reasons and examples to support your opinion."
36. "The notion of privacy is changing in the digital age as more personal data becomes available online. Discuss the implications of reduced privacy for individuals and society."

37. "Social media is often blamed for increasing mental health issues among teens. Evaluate this claim, discuss potential reasons why this might be the case, and suggest ways to mitigate these effects."
38. "The increasing frequency of extreme weather events is often linked to climate change. Discuss the impact of these events on local communities and global economies."
39. "It is often argued that higher education is no longer necessary for career success. To what extent do you agree or disagree with this statement?"
40. "The demand for renewable energy sources is growing as awareness of environmental issues increases. Discuss the economic and environmental impacts of renewable energy expansion."
41. "Urban sprawl has significant environmental and social impacts. Analyze the causes of urban sprawl and propose solutions to address its negative effects."
42. "Cultural heritage tourism is seen as a boon for many regions but can also lead to overcrowding and damage to local sites. Discuss the pros and cons of promoting cultural heritage tourism."
43. "The use of surveillance technology in public spaces is increasing. Discuss the benefits and drawbacks of this trend for security and privacy."
44. "Obesity rates are rising globally. Analyze the key factors contributing to this trend and discuss the societal and health impacts."
45. "The popularity of online shopping is affecting local businesses. Discuss the reasons for the rise of online shopping and its effects on local economies."
46. "Some argue that the arts are a luxury that governments should not fund. To what extent do you agree or disagree with this perspective?"
47. "Public libraries are facing challenges from digital media sources. Discuss the role of libraries in today's digital age and how they can stay relevant."
48. "The gender pay gap remains a significant issue in many countries. Discuss the causes of this inequality and propose measures to address it."

49. "Many cities around the world are facing severe water shortages. Discuss the causes of urban water crises and suggest sustainable solutions."
50. "The rise of freelance and gig economies is reshaping the traditional employment landscape. Discuss the advantages and challenges associated with this shift."
51. "Many believe that sports help develop good character in youth. To what extent do you agree or disagree? Provide examples to support your stance."
52. "International travel has become more accessible, leading to increased cultural exchange but also concerns about cultural dilution. Discuss the positive and negative aspects of this development."
53. "The rate of technological advancement is causing ethical dilemmas in many fields. Discuss specific instances where technology challenges ethical norms and how these challenges can be addressed."
54. "The rise in single-person households is having significant economic and social impacts. Discuss the reasons for this trend and its implications on society."
55. "The growing popularity of vegan diets has impacts on agriculture and food industries. Analyze the reasons for this dietary shift and its effects on the environment and economy."
56. "The push for academic excellence is causing stress among students. Discuss the causes of this academic pressure and propose ways to reduce its negative impacts on students."
57. "Public transport systems in cities are under increasing strain. Discuss the challenges and benefits of expanding these systems."
58. "Workplace diversity is seen as key to fostering innovation and productivity. Discuss the benefits and challenges of promoting diversity in the workplace."
59. "The increase in urban green spaces is believed to improve public health and community well-being. Discuss the reasons for this belief and the effects of urban greening initiatives."
